September 4, 2001

Division of Oil, Gas & Mining
Attn: Tom Munsen
PO Box 145801
Salt Lake City, UT 84114-5801

Dear Mr. Munsen,

This letter is to inform you as to the progress we are making in responding to the inquiries of our large mining permit application for the Levan gypsum mine. We have finally, just received all of the completed studies that were required for us to give an appropriate response. I will however need a few more days to incorporate this information into a response to you. I should have everything completed by the 14th of September.

You may also like to know that we have completed mining operations at this location for this year. If you have any other questions please feel free to contact me at 558-2889 or 281-7844.

Tony L. Christofferson
